

Promoting Low Carbon Development for Cities

Shu ZHU

Regional Director & China Representative
ICLEI East Asia Secretariat

ICLEI's 10 Urban Agendas

Sustainable City

Resilient City

EcoMobile City
(Sustainable Urban Mobility)

BiodiverCity

Resource-efficient
& Productive City

Happy, Healthy &
Inclusive Communities

Low-carbon City

Smart City

Sustainable Local
Economy & Procurement

Sustainable City-
Region Cooperation

ICLEI

Global Programs
under the
10 Urban Agendas

● Advocacy and Guidance

World largest cooperative efforts among mayors and city officials to reduce GHG emissions, track progress and prepare for the impact of climate change.

Provides process guidance and methodologies to local governments addressing local climate actions.

Solutions Gateway

An online platform for LGs to provide proven solutions for low carbon / emission development

Pool of Experts

A global multi-disciplinary network of experts to offer expertise in low emission and low carbon development to LGs, from financing guidance to capacity building.

● Platforms and Tools

carbonn Climate Registry (cCR)

Global reporting platform for all local and sub-national govts, in support of measurable, reportable and verifiable climate actions.

GREENHOUSE
GAS PROTOCOL

Global Protocol on Community-scale GHG Emissions Inventories (GPC)

Accounting and reporting guidance to ensure the results are MRV.

Harmonized Emissions Analysis Tools *plus* (HEAT+)

ClearPath

ICLEI's emissions quantification and monitoring tools

**Transformative
Actions
Program**

Improve access to capital flows to cities and regions to accelerate the implementation of local climate actions

● Activities and projects

- **ICLEI Case Studies (East Asian cities)**
- **Study on Eco-city and Low Carbon City programs and networks in East Asia (China, Japan, ROK)**
- **Energy-safe Cities East Asia program; Global 100% renewable energy cities and regions network**
- **California-China urban climate collaborative**
- **Resilient Cities forum (global; China)**
- ***East Asia - Clean Air Cities***
- ***East Asian low carbon cities alliance***
 - Capacity building on low carbon and sustainable cities

Recommendations

- **build synergy with existing city networks**
- **identify and assess the needs of cities on low carbon development**
- **support coordinated efforts and actions between national and subnational governmental stakeholders**
- **support knowledge sharing on low carbon and green technologies**

THANK YOU
