

North East Asian Subregional Programme
for Environmental Cooperation (NEASPEC)

**Discussion on the Project proposal by
the Russian Federation**

**“Establishment of a regional system for
adverse environmental impact
assessment of air pollution”**

*Scientific Research Institute for Atmospheric Air Protection
St.Petersburg, Russia*

*Mr. Alexander Romanov,
Head of International cooperation*

NEASPEC Expert Consultation Meeting

January 21, 2011

Incheon, Republic of Korea

Remarks/priorities

- Fuller involvement of the Russian Federation in the air quality work within NEASPEC
- Feasibility study should be a joint effort of partner countries implemented by the Russian Federation

Remarks/priorities

- Project timeframe depends on the time availability between SOM 16 and SOM 17 (up to 12 months)
- Resources availability - total budget?
 - Comprehensive study – scope;
 - Conference/seminar;
 - English/Russian language

THANK YOU FOR YOUR ATTENTION!
