

To respond to global climate crisis

Introduction of Green Transition Initiative

Ms. Eun-jung Bang
Senior Specialist of GTI
K-water, ROK

01

Background

Why do we need GTI cooperation?

Necessity of New Initiative for **Carbon Neutrality** to address Climate change impact issue

- In order to facilitate global response to climate crisis beyond the water sector, **AWC is operating High-Level Round table** to address water issues
- At G20 Environment Ministers' Meeting in Nov. 2022 (at Bali, Indonesia) **Indonesia and Korea signed Joint Statement for the establishment of carbon-neutral platform**

Leading the carbon-neutral agenda and implementing the carbon neutral policy

02

Global Launch

Global Launch Event held on 23 March 2023

❖ Purpose

- Initiating GTI vision's implementation and Expanding global cooperation network,
- Announcing “Joint Cooperation Statement” of GTI with members(6 Countries and International 7 Organizations)
